

2010 MAC-PAC Challenge

Providing Legislative Representation in support of our member companies and our industry overall is a key mission of our association. We continue to successfully accomplish this mission through the efforts of our Legislative Committee leadership and the employment of lobbyist firms in North and South Carolina. The cost of this advocacy supporting our livelihood is paid for through the voluntary contributions from you and me!

Top 10 Reasons for supporting MAC-PAC

1. It's like going to the dentist. No one likes it but it is critical to avoid more serious future problems!
2. No one else is representing your mortgage specific legislative issues in North and South Carolina!
3. It is critical to have someone telling "our" side of the story – not the side they hear in the news!
4. Someone has the commit the time and be prepared with the knowledge and facts to advocate on our behalf before proposed legislation becomes law!
5. Political Advocacy and Representation is even more important in today's climate where many believe based on what they hear or read in the news that only our industry is at fault!
6. All lenders, affiliates, and associates are represented – everyone pledging their "fair share" is needed!
7. Who has the time, the experience, or the legislative contacts to represent themselves?
8. If I don't support the representation and advocacy of my own livelihood – who will?
9. Someone has to make sure our legislators understand that while we understand their goal is to solve the perceived and or real problems of our industry impacting consumers – excessive legislation of licensing, appraiser management, fraud liability, high cost loans, and or limiting of loan products etc can have unintended negative consequences on our ability to help consumers with their home loan needs.
10. In an industry that continues to shrink – our individual commitment and pledge is more important than ever!

We need you!

- We need your help today – whether you are in sales or operations, an affiliate or vendor, whether you are a member of a local association or MBAC or not, if you are engaged in the mortgage banking industry in the Carolinas – we need your financial commitment to support the industry advocacy our MAC-PAC campaign supports.
- Business is good. Most are experiencing the best production they have seen in years – we need you to reinvest in your industry by supporting our MAC-PAC campaign. No contribution is too small or (considering this is an annual pledge) too large.

Fax to MBAC MAC-PAC at (704) 366-8822 (fax for Jeni Long)

Mortgage Bankers Association of the Carolinas Political Action Committee (MAC-PAC)

I wish to join with other sales leaders and support MBAC's Legislative Committees through a voluntary contribution.
